

THE 1951

“50-YARD LINE”

AT MARYLAND

# BOB WARD—THE TERPS' FIRST ALL-AMERICA

It is only appropriate that Bob Ward, the first All-America football player at the University of Maryland should be placed on our cover, seen on the gridiron before 43,836 fans in Byrd Stadium where he distinguished himself and established his claim as All-America timber on every play.

Ward, 185 pounds of explosive dynamite, is so highly respected by his opponents that they have double-teamed and sometimes triple-teamed him in an effort to keep him out of their backfield. He often is referred to as the fifth man in the opponents' backfield. Averaging 50 minutes a game last year is evidence that he is invaluable to the team both on offense and defense.

Gifted with great speed and quick reactions, he has one of the fastest and most vicious charges of any lineman in football today.

Ever since his first year, his spectacular play raised the experts' eyebrows in amazement over the great football he played against robust opponents. As a sophomore he was selected Lineman of the Year in the Southern Conference and voted the most valuable player of the '50 Gator Bowl game against Missouri.

Coach Tatum smiles at the mention of his name then goes on to say: "He's the greatest little football player I've seen, ounce for ounce!"

Last year he won nearly every honor that a lineman could receive. Below is a list of them.

## **DR. H. C. BYRD**

**PRESIDENT, UNIVERSITY OF MARYLAND**

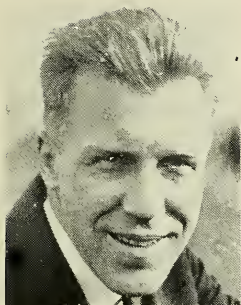

Upon the insistence of everyone, the Board of Regents, University officials, the Athletic Department, students, fans, and just plain John Q. Public, the Terp's new million dollar football plant appropriately was named **BYRD STADIUM**.

It is easy to see why there was never a minute spent behind closed doors seeking a name for the stadium. From the time the very first shovel of the 28 tons of dirt was removed from the stadium, it was known that University President, H. C. Byrd, would receive the honor and tribute due him by having it bear his name.

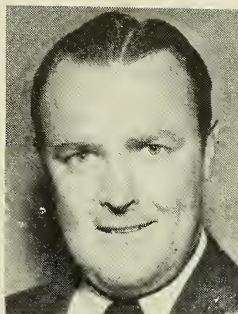

It has been through the exhaustive efforts of Dr. Byrd that the University of Maryland is known today as one of the foremost educational institutions in the Nation. By the same token, he has made possible this new stadium as part of the program to give Maryland a first class athletic curriculum. All this is due to his long time desire to build Maryland into one of the best equipped Universities in the country.

Athletics is nothing new to Dr. Byrd. It was back in 1905 that he first played for the Terps. From 1912 through 1934, he was head coach. In those 25 years his teams compiled a 114-81-15 record

## **JIM TATUM**

### **HEAD FOOTBALL COACH AND ATHLETIC DIRECTOR**

In just four years, Jim Tatum has brought the University of Maryland out of the football doldrums, and today the Terps from the little college town of College Park, Md., are recognized as one of the football powers of the nation.

Evidence that the gridiron drought has ended since the Tatum regime started in 1947 is realized by his four-year record, 29-9-3.

Tatum, a native of McColl, S. C., started his athletic career at the University of North Carolina, where he was a star tackle. After graduation in 1935, he followed his coach, Carl Snavely, as assistant at Cornell. Returning to his alma mater for his first fling at head coaching, in 1942, his team compiled a 5-2-2 slate.

World War II found Tatum in the Navy. It was then that he was to learn the Split-T formation from Don Faurot as the latter's assistant at Iowa Preflight School. He later moved to Jacksonville Naval Air Station as head coach in 1945.

After his Navy hitch, Tatum molded a strong eleven at Oklahoma. His Sooners went to the 1947 'Gator Bowl and beat N. C. State, 34-13.

The call to Maryland came next, and grid fortunes here skyrocketed. The future should be fruitful under a young coach who has the early distinction in the profession as one of the best.

Tatum is married and has two children, Becky and Jimmy.

## ASSISTANT COACHES

### JACK HENNEMIER

At 150 pounds, the Terps' Line Coach Jack Hennemier made football fame for him elf when he played center in his college days at Duke University, '33, '34, and '35. Undoubtedly one of the smallest players ever at the center of any line. Hennemier, a 60-minute man in '35, won the most valuable player award as voted by his teammates in 1935. This same year he made All-America Mention and the All-Conference team.

Because of his outstanding gridiron prowess for his size, he is known, even today, as "Scrappy Jack."

In 1939 he was lured to Washington and Lee University as Line Coach. He stayed there through '41, before being called into the Navy in '42. That year he played center and coached at the Pensacola Naval Air Station.

After 3½ years in the service, Hennemier returned to Duke in '45 as assistant line coach and freshman coach.

He came to the Terps in '49 as line coach and handles the defensive team, an outstanding characteristic of Terp elevens under his tutelage.

### TOMMY MONT

Tommy Mont, one of the greatest athletes in the history of the University of Maryland, returns this year to his alma mater to handle the offensive backfield duties for the Terps.

Mont, a four-year letterman in football, basketball, and lacrosse, comes to Maryland after four brilliant years with the professional Washington Redskins.

A home stater, coming from Cumberland, Md., Mont embarked on his athletic years in 1941. He got two years in before entering the service in the spring of '43. He played tailback in '41 then quarterback on the '42 T eleven. Both years he won his basketball and lacrosse letters also. Mont won All-America Mention as well as being placed on the Conference team in '42, and was named the outstanding college player of the Washington-Maryland area that year.

With 42 months in the service, 18 of which were spent in the ETO, Mont continued playing ball. He was tailback on the Fort Benning post championship team of '43. As quarterback and head coach, he led the 3rd Infantry team to the ETO championship. He also was at the helm of the 7th Army All-Star team.

Mont completed his college ball playing quarterback for the Terps in '46, when he again won All-America Mention and All-Conference honors. Has three sons, ages 4, 2, and 10 months.

### WARREN GIESE

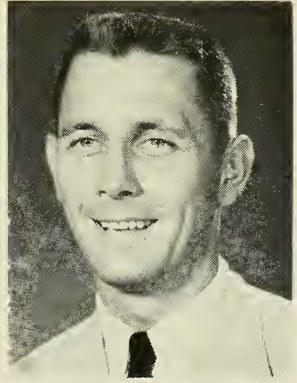

A Navy vet, Giese, a native of Milwaukee, Wis., began his career in 1942 at Wisconsin State College where he lettered playing end in football and won a monogram as a quarter-miler.

Entering the service in June '43, he was sent to Central Michigan College to study under the V-12 program. He played right half before transferring to Miami Training Center and then to Jacksonville in '45 where he played end under Coach Tatum.

He kept his football career going by enrolling at Oklahoma in '46 to play for his Navy boss from Jacksonville. He won a berth on the All Big 7 team that year.

Giese returned to Central Michigan to play one more year and got his B.A. and B.S.

In '49, Tatum beckoned his former star to Maryland as end coach. Mixing football with studies, Giese got his Master's in Physical Education in '49.

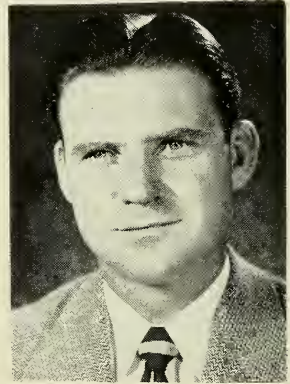

### DENVER CRAWFORD

One of the finest tackles produced at the University of Tennessee, the Terps' offensive line coach, Denver Crawford, came to Maryland last year from W.&L., where he was line coach in '49.

Crawford played one year of varsity ball in '42 before joining the Army Air Force; playing at Maxwell field and Fort Worth Air Base.

Returning to Tennessee, he played on the Neyland teams of '46 and '47. Crawford made All-SE tackle all three years he played for the Vols and made the All-America mention list in '42 and '47. Following graduation in '48, he was drafted by and played for the professional New York Yanks.

Crawford comes from Kingsport, Tenn. He is married and has two sons.

### VERNON SEIBERT

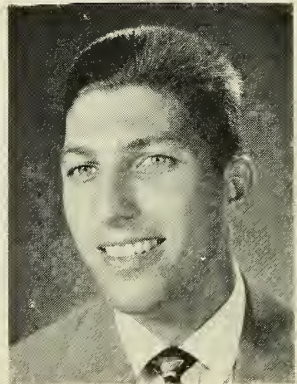

The newest addition to the staff. Seibert returned to his alma mater July 1 to be defensive backfield coach. Also he will be chief of concessions.

An outstanding halfback for the Terps 1946 through the '49 season, he is best remembered as one of the finest safety men at Maryland.

Last year he was football and lacrosse coach at Baltimore Junior College. He claims he was the girl's basketball coach also.

Seibert was a B-25 pilot in the South Pacific in World War II.

Married and has no children.

## EMMETT CHEEK

A new addition to the staff this fall, Cheek comes to the Terps from Guilford College, N.C., where he was line coach and baseball coach in '49 and '50. He will handle the important job of teaching Terp football to the freshmen.

A native of Chapel Hill N.C., Cheek stayed in his back yard and went to UNC. Starting in 1940, he was a guard under Tatum who was Freshman coach for the Tarheels. After another year of football, Cheek was called into the service in '41, and assigned to Army Medics. Returning to Carolina, he completed his football career under Carl Snavely. He stayed there for graduate work in '48.

Cheek received his Masters degree in phys. ed. from Carolina last summer.

He is married and has one son.

## THE TRAINERS

### ALFRED J. "DUKE" WYRE

#### Head Trainer

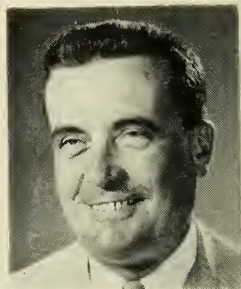

"Dapper Duke" an old Ivy-leaguer, will step out of Esquire into his training togs for the fifth year at Maryland. Duke, off the field, dresses as though he is trying to break into the top 10 best dressed in the country.

Wyre was trainer at Yale for 15 years then moved to Holy Cross for two more before coming to the Terps in 1947.

During his three years in the Navy, he was a phys. ed. instructor in the V-12 program.

He was the first president of the Conference Trainer's Assn. He is on the board of the National Assn. and was named the number one trainer of the East in 1949.

Duke is married and has no children.

### JOHN LACEY

A full-time assistant trainer has been added to the staff this fall.

Another of those accented Ivy-leaguers, Lacey comes to Maryland from Yale where he was assistant trainer for three years. He has had long experience with pro teams also. In early pro training periods, he has been trainer for the Chicago Cardinals, the N. Y. Yanks, and last year was with the Baltimore Colts.

He graduated from Tilton Academy in New Hampshire.

Lacey is married and has no children.

# TERP THUMBNAIL SKETCHES

## ENDS

**LLOYD COLTERYAHN, 20, 6'2", 200, Junior from Brentwood, Pa.** Looks like the best bet for number one offensive end. Fast, a good blocker, and has a high long stride making him hard to bring down. Played some end and backfield last year. Caught 1 for 14 and carried the ball 10 times for 34 yds. Much better suited at offensive end. Might also play some safety. Played and lettered 4 years in football, basketball, and track in high school. Was WPIAL (Pa.) star. Played in Pittsburgh All-Star game.

**JOHN ALDERTON, 20 6-1, 175, Junior from Cumberland, Md.** As a soph in '50, he distinguished himself as one of the finest defensive ends in the Conference. **RALPH BAIERL, 18, 6-3, 215, Sophomore from Pittsburgh, Pa.** Out last season with injuries. Big and husky. Lacks experience but has a lot of fire. **LEONARD MAHONEY, 20, 6-3, 200, Sophomore from Baltimore, Md.** Fine frosh offensive end. With a little more push and experience he could help the end problem. **BOB DELLAFORIA, 19, 6-2, 175, Sophomore from Edmon, Pa.** Played halfback as a frosh. Fast and aggressive. Could be big help to Terp ends.

## TACKLES

Will undoubtedly play a lot of defensive end plus offensive tackle. One of roughest boys on the team. A good student . . . **DAVE CHRISTIANSON**, 22, 6-2, 200, Senior from Baltimore, Md. The artist of the squad specializing in "morale" cartoons before games. Will play defense.

Runs well on the keep play and is a good passer. Carried the ball 81 times for 252 yards and passed 80 times for 463, four for TD's; total offense 715 yards. ## HALFBACKS

**BOB SHEMONSKI**, 21, 5-11, 175, Senior from Archbald, Pa. Set an all-time Maryland scoring record with 97 points last year. This was good enough to be high in the Conference, and sixth in nation. Fast and shifty. Smart runner. Had 560 yards rushing for 101 carries and 196 passing, giving him 5.8 avg., best of the team. Two-year total offense is 1021 yards. Led team in kick-off returns, 10 for 259 yards; punt returns, 28 for 408 yards; pass interceptions, 4 for 40 yards; and he caught 11 aerials for 160 yards. His 1 for 1 extra point in last game of season enabled him to break school record. Selected to 3rd team All-Conference, honorable mention AP All-Conference, and honorable mention, UP. Should go as "hot" again in '51.

**JOE PETRUZZO**, 21, 5-11, 185, Junior from Mamaroneck, N. Y. One of best all-around athletes to enter Maryland, but has confined his talents to football. Expected to play baseball next spring, however. Here on Charley Keller scholarship. A fast stepping back both on offense and defense. Should really sparkle this fall. Gained 125 yards in 19 carries for 6.5 last year. Completed 3 for 5 passes for 43 yards. Caught 2 for 30. Thrives on defense also. Returned 13 punts for 276 yards and 3 kick-offs for 40. Intercepted 3 enemy aeriars for 102 yards, one a td snag for 45 yards on last play of game against Duke. Scored 2 td's. Strong candidate for punting duties. All-County for 3 years and most valuable player in Westchester Co. in '47.

**ED FULLERTON**, 20, 5-11, 190, Junior from West View, Pa. His teammates call him "blood and guts." Appropriately so, for Ed is mean and rugged on the field. Fast and never gives up. Switched from full to half this spring and did justice to the move. Carried 47 times for 209 yards. Scored 3 td's. Should have a great year.

**LYNN DAVIS**, 24, 5-11, 170, Senior from Baltimore, Md. Ace defensive back. Fast and keen diagnosis of plays coming his way. Hard to block. Star back at Patterson.

**RALPH FELTON**, 19, 6-0, 185, Sophomore from Midway, Pa. "The Midway Express," The hottest soph halfback in spring ball. An unusually shifty ball carrier with a powerful charge. Tough to follow. Blessed with a left-handed passing arm, a valuable find for Tatum. Will be tough to keep out of a number 1 slot. Was All-W.P.I.A.L. Will play baseball for Terps.

**CHESTER HANULAK**, 18, 5-10, 165, Sophomore from Hackensack, N. J. Another better than average soph. Fast shifty runner; shakes off tacklers with peculiar hip movement. Sure to break into lineup. All-League and All-County at Hackensack.

**LELAND LIEBOLD**, 19, 6-1, 190, Sophomore from Smokeless, Pa. The home town name by no means is indicative of his football savvy. He shows a lot of "smoke." May be doing some of the punting. He kicks from the "port" side. Was All-County and played in All-Star game at Armagh High. **GEORGE ALBRECHT**, 21, 5-11, 180 Sophomore from Munhall Pa. A tower of strength as defensive half. Fast, hard runner. Should fit into defensive picture. **BOB LAUGHERY**, 20, 6-0, 200, Sophomore from Mill Run, Pa. QB on the frosh team. Shifted to half. Fast, power-type runner. Experience this year would be big help.

**EUGENE PYCHA**, 21, 5-11, 180, Sophomore from Baltimore, Md. Has a lot of desire but might be a year away from varsity ball.

## FULLBACKS

**ED "MIGHTY MO" MODELEWSKI**, 22, 6-0, 210, Senior from West Natrona, Pa. The other half of the brother act. One of biggest names in all-time turf annals at Maryland. Big, strong and powerful runner. Also a good blocker. Moved to full this year to give Terps that bull-dozing power lunge that is his specialty. In final spring practice game he picked up 138 yards in 13 tries from the single wing. In Duke game he missed outgaining entire Blue Devil output by 2 yards and missed the same feat by 4 yards in N. C. State game. He picked up 95 against Duke and 124 against the Wolfpack. Picked up 553 yards in 119 carries to run his 2-year output to 1178 yards, best on the team. Caught 8 aeriars for 110 yards and passed 12 times for 83. Returned 5 kick-offs for 81. Scored 30 points, second to Shemonski. Missed two games because of injuries. Barring same, he should be hard to stop in '51. Made AP and UP All-America Honorable Mention; AP and Southern Football Writers' All-Conference 3rd team.

**DAVE CIANELLI**, 24, 6-0, 215, Senior from Hagerstown, Md. Carried as full, but Dave's dish is defense, where he has been outstanding. Should be one of nation's best linebackers. Whether he backs up the middle or the outside, Cianelli will be one of the toughest men to get by. The rougher it gets the better he likes it. Is Co-Captain with Ward. Superb leadership. Married and has one daughter, age 2. Navy vet.

**KARNEY SCIOSCIA**, 22, 5-10, 200, Senior from Westfield, N. J. A slashing blocker, an important asset for Split-T fullback. Does a neat job ahead of ball carrier. Fast and aggressive. Carried last year 22 times for 110 yards. Caught 1 pass for 21. All-State at Westfield High.

**ED BARRITT**, 21, 5-10, 200, Sophomore from Long Island, N. Y. Held out last year. Should be an adequate reserve for the offense. All-Scholastic.

## BYRD STADIUM

New Byrd Stadium has a permanent seating capacity of 34,680. To accommodate larger crowds, temporary bleachers can be set up around the top rim of the parabola type stadium, making 50,000 or better capacity.

At the open end of the field is the Athletic Administration Offices, training room, equipment rooms, and the varsity and freshman locker rooms. A conference room and the Monogram Club room also are located in the "A" building.

On each side of the field is a dressing room with sleeping quarters on the second floor. One will be used by the visiting team on the day of the game.

All other sports, except basketball and wrestling will use these facilities. This includes Terp athletic teams as well as visitors.

The outdoor track around the field, which has a 220 straightway, will be ready this spring.

Sod has been laid around the perimeter of the new plant to just about put the finishing touches to the stadium.

# BRIEF HISTORY OF THE UNIVERSITY

The history of the present University is the history of two institutions: the old privately-owned and operated University of Maryland in Baltimore and the Maryland State College (formerly Maryland Agricultural College) at College Park. These institutions were merged in 1920.

In 1807 the College of Medicine of Maryland was organized, the fifth medical school in the United States. The first class was graduated in 1810. A permanent home was established in 1814-1815 by the erection of the building at Lombard and Greene Streets in Baltimore, the oldest structure in America devoted to medical teaching. Here was founded one of the first medical libraries (and the first medical school library) in the United States. In 1812 the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute facilities of divinity, law, and arts and sciences," and by the same act declared that the "colleges or faculties thus united should be constituted an university by the name and under the title of the University of Maryland." By authority of this act, steps were taken in 1813 to establish "a faculty of law," and in 1823 a regular school of instruction in law was opened. Subsequently there were added: in 1882 a Department of Dentistry which was absorbed in 1923 by the Baltimore College of Dental Surgery (founded in 1840, the first dental school in the world); in 1889 a School of Nursing; and in 1904 the Maryland College of Pharmacy (founded in 1841, the third oldest pharmacy college in the United States).

The Maryland State College was chartered in 1856 under the name of the Maryland Agricultural College, the second agricultural college in the Western Hemisphere. For three years the College was under private management. In 1862 the Congress of the United States passed the Land Grant Act. This act granted each State and Territory that should claim its benefits an appropriate amount of unclaimed western lands, in place of scrip, the proceeds from the sale of which should apply under certain conditions to the "endowment, support, and maintenance of at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts, in such a manner as the Legislatures of the States may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." This grant was accepted by the General Assembly of Maryland, and the Maryland Agricultural College was named as the beneficiary of the grant. Thus the College became, at least in part, a State institution. In the fall of 1914 control was taken over entirely by the State. In 1916 the General Assembly granted a new charter to the College, and made it the Maryland State College.

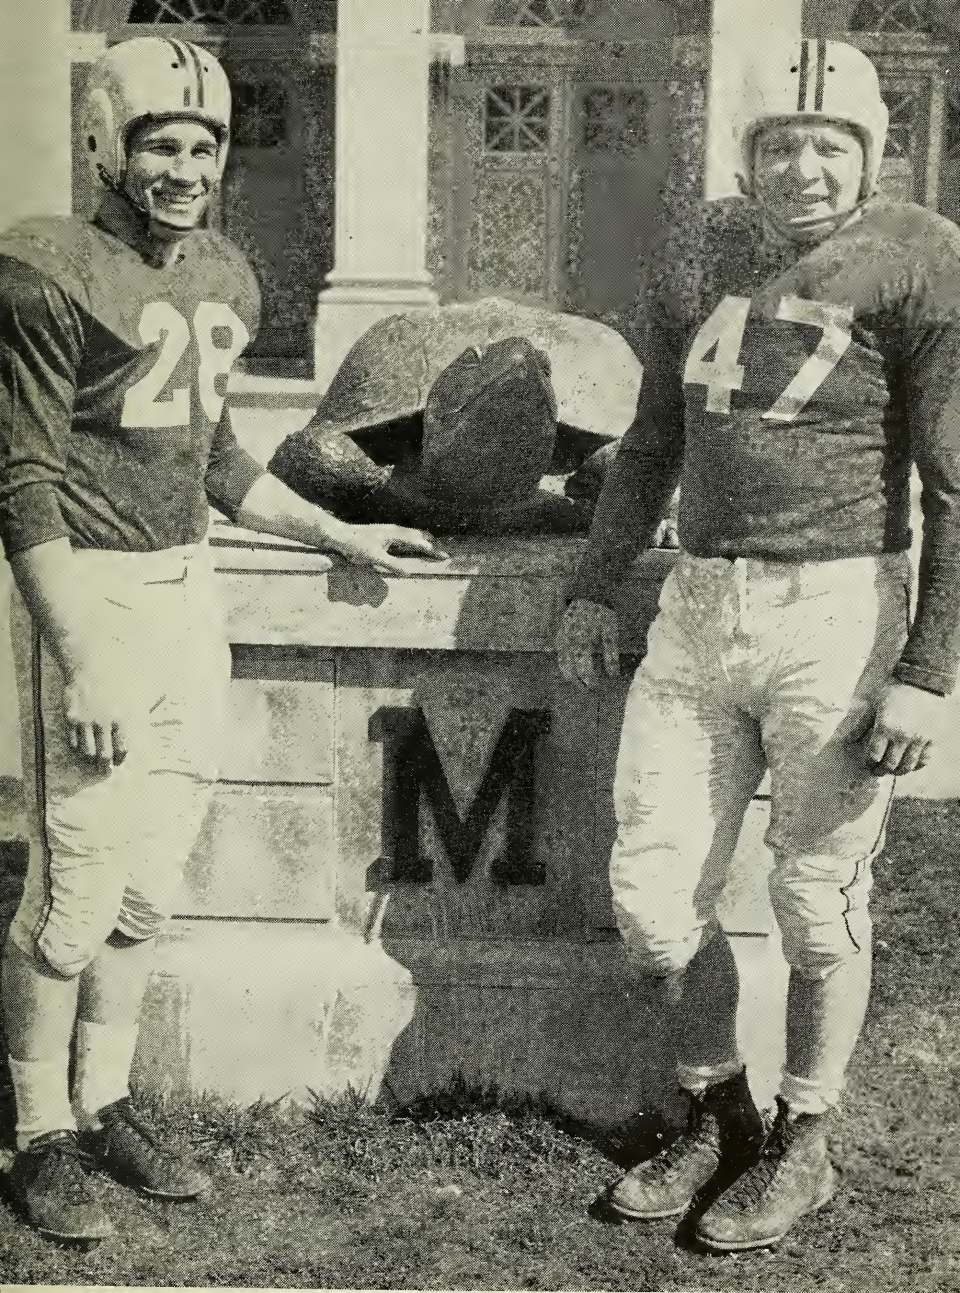

In 1920, by an act of the State Legislature, the University of Maryland was merged with the Maryland State College, and the resultant institution was given the name University of Maryland.
